## PROF. DR. SYED SHAKIL-UR-REHMAN DIRECTOR FRAHS – LHR

Welcome to the Riphah College of Rehabilitation & Allied Health Sciences (RCRAHS). I am proud and honored for leading this prestigious institution and am excited to share some of the key features that make us unique. The RCRAHS is a student-centered institution and is known for value-based professional education in the country. It is the largest Rehabilitation & Allied Health Science institution in the region with campuses in the six major cities of Pakistan. Our highly qualified and specialized faculty is highly committed to its student success. We are offering Academic programs at undergraduate, graduate, and doctoral levels. The RCRAHS is supported by a purposeful building with state-of-the-art lecture theaters, specialized teaching and research labs, hospitals, rehab centers, and a physical and digital library. The clinical sites attached to the college has produced significant community impact and provide free health and rehab care facility to the general public. The college has clear agenda for the promotion of research in Rehabilitation and Allied Health Sciences, therefore, regularly organizes national and international research conferences and publishes a research journal. My vision for this prestigious college is "To be a Rehabilitation & Allied Health Sciences Institute according to international standards dedicated to value-based professional education with academic Excellence globally".

### Riphah College of Rehabilitation & Allied Health Sciences (RCRAHS)

The college was established in 2012 and is working under the faculty of Rehabilitation & Allied Health Sciences at Riphah International University Lahore campus with the aim to produce graduates in the key disciplines of Rehabilitation & Allied Health Sciences in Pakistan according to international standards. Since its establishment, the institute plays a vital role in the development of academic programs, patient care, and research in the rehabilitation and allied health sciences professions in Pakistan. The Institute is currently offering programs in Physical Therapy, Speech & Language Pathology, Prosthetic & Orthotic Sciences, Audiology, Human Nutrition & Dietetics, Medical Laboratory Technology, Optometry & Orthoptics, Medical Imaging Technology, Food Science & Technology, and Biotechnology. The College has a highly qualified and committed team of faculty members in all the key disciplines of Rehabilitation & Allied Health Sciences trained from nationally and internationally renowned institutions. The College has six campuses including Islamabad, Lahore, Faisalabad, Mansehra, Malakand, and Mirpurkhas Sindh. The college faculty has significant contribution to producing quality research and has published 300+ research papers in the HEC recognized and well-reputed international journals. The college regularly publishes an HEC-recognized research Journal in the Y-Category known as "Journal of Riphah College of Rehabilitation Sciences (JRCRS)" and has recently launched "Riphah Journal of Allied Health Sciences (RJAHS)." The research culture was introduced in the country by successfully organizing international and national conferences in rehabilitation sciences. The college has a good reputation in the country for quality and value-based education in Rehabilitation & Allied Health Sciences.
