**RIPHAH INSTITUTE OF
PHARMACEUTICAL SCIENCES**

Riphah Institute of Pharmaceutical Sciences

Riphah Institute of Pharmaceutical Sciences (RIPS) is one of the premiere institutes established in 2004. RIPS was accredited by the Pharmacy Council of Pakistan in 2009. Eighteen (18) batches of Pharm. D have been graduated with the high percentage of placements nationally and globally, in the various fields of pharmacy. RIPS is included in the WHO list of accredited institutes. RIPS is the pioneer institute to offer 5 years" Doctor of Pharmacy" program in the private sector.

Our main focus is to equip our graduates with required skills and knowledge of Pharmaceutical sciences to provide quality health care services to the community, hospitals, industry and the state. RIPS is the only institute in Pakistan with 3 attached teaching hospitals. High emphasis is laid upon the faculty development and inculcation of Islamic ethical values. The quality of teaching and learning is ensured through latest teaching methodologies and tools including Campus Management System (CMS), Virtual Learning Environment (VLE) and library resources. The well-equipped labs and animal house foster the practical learning experience of the students. Regular visits to the industry and guest lectures by industry leaders are an essential part of the training.

RIPS offers Undergraduate and Post Graduate programs including Pharm-D, M. Phil and Ph.D. in all disciplines of pharmaceutical sciences. In addition to this, RIPS also conducts training programs for the professionals from government and private sector organizations on regular basis. RIPS is also highly productive research institute.

Vision

"To produce highly skilled Pharmacy professionals, with the knowledge of drug discovery and development at par & to postulate the standard health care services to the State and the Nation"

Prof. Dr. Arif-ullah Khan

B.Sc, B.Pharm, M.Phil, PhD, Post-Doc
Dean, Faculty of Pharmaceutical
Sciences (FPS)

Prof. Dr. Arif-ullah Khan did M.Phil & PhD in the subject of Pharmacology. He has wide experience of teaching and research in field of Pharmaceutical Sciences. He has published 135 research articles with cumulative impact factor of around 300 and 3000 citations.

He is HEC approved PhD supervisor and is currently supervising M.Phil/ PhD students in the area Pharmacological research. Dr. Khan has achieved several National and International prestigious awards for his valuable scientific contributions. He is recognized by Pakistan Council of Science and Technology a productive scientist, as since few years regularly achieved, the research productivity award. Recently, he is awarded the Salimuzzaman Siddiqui Prize in Applied Science Technology by the Third World Academy of Sciences, Italy in collaboration with Pakistan Academy of Science.

He is the reviewer of several International Journals and member of different scientific societies / bodies.

Undergraduate Programs

Pharm. D (Doctor of Pharmacy)

This is an undergraduate 5 years degree program for those who are interested to pursue a career in the field of health and Pharmaceutical Sciences. The students with medical background can opt for this degree fulfilling the admission criteria. During their stay at RIPS the students study various subjects and go through the practical training to qualify for the degree of Doctor of Pharmacy. This degree is recognized by the Pharmacy Council of Pakistan and is widely accepted nationally and internationally.

The graduates can fulfill the increasing demand of retail pharmacists and they can join the government and private sector hospitals. The graduates can also continue their studies further as RIPS provides an opportunity to study up to the PhD level. They can become part of the on-going research worldwide in the field of Pharmacy.

Eligibility Criteria:

- Minimum 60% marks in intermediate (FSc/A-Levels) with pre-medical subjects.
- Degree holders from foreign institutes should submit the equivalence certificate from Inter Board Committee of Chairman (IBCC).

Duration: 5 years

Available Seats: 160 seats

Selection Criteria:

Academic Qualification	70%
Test / Interview	30%

Class Timings: 8:00 am to 4:00 pm

College Location:

- Islamabad City Campus G-7
- Lahore Main Campus (Township)

M. Phil Programs

M. Phil Programs are offered in the following four Subjects:

- Pharmaceutics
- Pharmaceutical Chemistry
- Pharmacology
- Pharmacognosy

High quality pharmacy education delivered in a safe, professional and easy environment at the Department of Pharmacy. Riphah International University is producing high quality, problem solving pharmacy professionals well equipped with the knowledge, skills and abilities to deliver appropriate, effective and efficient pharmacy services for improving patient care and quality of life by offering workable solutions to problems / major issues in the Health Care System, the Pharmaceutical Industry and its Quality Systems, Academia and Research in the Pharmaceutical Sector.

Eligibility Criteria:

- 16 years of education with minimum 50% marks or 2.0/4.0 CGPA in Pharm-D/B.Pharmacy.
- The candidate have passed the University/ Departmental admission test in the subject or equivalent test conducted by an authorized / recognized body of the Higher Education Commission (HEC) of Pakistan for admission in the program.

Duration:

2 to 4 years

Class Timings:

5:00 pm to 8:00 pm (4 days a week)

PhD Specialization Programs

The Doctor of Philosophy degree is considered the most accomplished academic achievement an individual can attain in preparation for a career. Our department offering a Ph.D. degree has the responsibility to assure that the degree will be granted only to candidates who have demonstrated present capacity and future promise to be an independent and creative thinker.

Eligibility Criteria:

- 18 years of education with minimum 60% marks or 3.0/4.0 CGPA in the relevant field from a recognized institution.
- The candidate has passed the University/Departmental admission test with 70% marks in the subject or equivalent test (60%) conducted by an authorized/recognized body of the Higher Education Commission (HEC) of Pakistan for admission in the program.

Duration: 3 to 8 years

Class Timings: 5:00 pm to 8:00 pm (3 days a week)

PhD Pharmacology

List of Courses

PhD Pharmacology Courses	Cr. Hrs
Molecular Mechanisms of Drug Action	3
Animal Handling and Experimental Pharmacology	3
Cancer Pharmacology	3
Antimicrobial Agents	3
Neuropharmacology	3
Drug Dependence	3
Computational Pharmacology	2
Ethics in Pharmacological Research	1
Thesis	30

*Note: Each student must take total 18 credit hours of course work.

PhD Pharmaceutical Chemistry

List of Courses

PhD Pharmaceutical Chemistry Courses	Cr. Hrs
Current Medicinal Chemistry	3
Synthesis of Drug Molecules	3
Advanced Spectroscopic Techniques	3
Applications of Polymers in Pharmaceutical Sciences	3
Development of Antibacterial Agents: Challenges and Possibilities	3
Medicinal Natural Products	3
Computational Approaches in Medicinal Chemistry	2
Professional Ethics in Pharmaceutical Chemistry Research	1
Thesis	30

*Note: Each student must take total 18 credit hours of course work.

PhD Pharmaceutics

List of Courses

PhD Pharmaceutics Courses	Cr. Hrs
Advanced Nanomedicine	3
Advanced Disperse Systems	3
Modified Release Drug Delivery Systems	3
Applications of Biopharmaceuticals	3
Advances in Pharmaceutical Product Development	3
Advances in Drug Discovery and Development	3
Applications of Computational Pharmaceutics in Drug Delivery	2
Professional Ethics in Pharmaceutics Research	1

- Swan white kameez with full sleeves and no slits and band collar (1st to 3rd professional years)

Scope & Job Prospects

The graduates can join the ever growing pharmaceutical industry in the following departments

- Production
- Quality Assurance
- Quality Check
- Training
- Research and Development
- Product Planning and Management
- Sales

Salient Features:

A premiere institute recognized by Pharmacy Council of Pakistan, offering a complete career path from undergraduate to PhD programs.

- Islamic environment, congenial for learning and grooming.
- Teaching hospitals that offer opportunities of clinical training.
- Feasible campus location, easily approachable from within and outside the city.
- Well equipped labs and industry linkages for practical learning.
- Hostels, transport facilities available.
- Scholarships in various schemes of studies available.
- Co-curricular and extra-curricular activities.
- Facilities to conduct bio-equivalence studies in order to improve quality of drugs.
- Facilities to perform research on herbal/

traditional medicine for development of novel therapeutic agents and quality control of herbal drugs.

- mentoring sessions for students and career counselling seminars for students

Technical Facilities

- Undergraduate Laboratories
- Multi disciplinary labs equipped with Fourier Transform Infrared Spectroscopy (FTIR)
- Atomic Absorption Spectroscopy
- High Pressure Liquid Chromatography (HPLC)
- UV Spectrophotometer
- Gel Electrophoresis
- Gel Doc System
- Polymerase Chain Reaction Thermal Cycler (PCR)
- CO2 Incubator
- Cryo Perseverance
- Power Lab System
- Lyophilizer (Freeze Dryer)
- Microplate Titre Reader
- Hot Plate Analgesiometer
- Plethysmometer
- Western Blot
- Aggregometer
- Chemistry Analyzers
