

## **Dr. Shabana Ali**

Head of Anatomy Department  
Islamic International Medical College

I am currently serving as the positions of Professor, Head of the Anatomy Department, and Assistant Dean of Medical Education & ORIC at the Islamic International Medical College (IIMC) in Rawalpindi. I joined IIMC on August 12, 2004. My educational background includes an MBBS degree from Fatima Jinnah Medical College in 1997, an M.Phil in 2012 from Riphah International University, a Post Graduate Diploma (PGD) in Professional Ethics & Teaching Methodologies in 2011 from Riphah University, and an MHPE in 2017, also from Riphah University. I am certified in organizational leadership.

I am an HEC-approved M.Phil supervisor, currently overseeing three M.Phil trainees and three MHPE students. Since 2013, I have supervised 10 M.Phil trainees, and since 2018, eight MHPE students. Additionally, I serve as a facilitator for medical education and a supervisor for MHPE, CHPE, COBE, M.Phil, and PhD. I am the Assistant Dean at RARE/ORIC, managing research-based activities at IIMC. I coordinate the Institutional Review Committee, Flipped Classrooms, and ASPIRE Faculty Development Committee at IIMC. I am also a member of the Assessment Committee, PBL Development & Scrutiny Committee, and Synopsis Review Committee at the Islamic International Medical College. My research work has been published in 13 impact factor journals and 7 non-impact factor journals.

**Area of Research Interest:** Developmental Anatomy, Medical Education and Artificial Intelligence
